Capitol Heights, MD 20743

**Re: WC Docket No. 05-65; SBC COMMUNICATIONS
and AT & T CORP. Applications For Approval Of
Transfer Of Control**

Dear Ms. Dortch & Commissioners:

The SBC and AT & T application for acquisition and merger, WC Docket No. 05-65, should be approved by the Federal Communications Commission.

Currently, the United States is ranked 11th in the world when it comes to deployment of advanced broadband networks like high speed internet. The SBC and AT & T merger will help restore America to its rightful place as home of the world's global telecommunications leader. Large telecom companies like SBC, Verizon, and Bell South, must be encouraged to invest millions of dollars in capital investment right here in the United States. This merger will make that investment easier and benefit consumers. It will also help low cost broadband, like DSL, become widely available to the masses.

I strongly implore the FCC Commissioners to find this merger will advance the public interest. Thank you for your valuable time.

Truly,

Andre Gammage
Attorney At Law
